in Minnesota

Public Art Project

Call for Entries

Application also
available at our
Web site:
Chaskacommunitycenter.com

The City of Chaska is proud to have an Arts in Public Places program. The Chaska Parks and Recreation Department administers the program as sites and funding become available. This Call for Entries is for the Arts in Public Places programs for Walden Park in Chaska.

Mission Statement

"To establish a process for the selection, purchase and placement of diverse art of timeless quality that reflect the redeeming pride and unique heritage of Chaska."

Cost Proposal for Artwork

The project is a piece of art for the Clover Field Neighborhood. For this project \$20,000 is budgeted to purchase public art. The location for the piece would be in Walden Park. A park master plan identifying the site is attached.

Proposal Process

Artists are requested to make an initial proposal by April 20, 2007. At the initial phase we are most concerned regarding the initial concept for the art. Your proposal should include a description, drawing and/or display of the art concept. The artist can submit any other information which he/she thinks may be helpful in visualizing the project (e.g. pictures, drawings, similar projects or other work the artist has done). Your bid should consider the costs of art. Your bid need not include costs for site work installation or any display pedestal/platform.

The enclosed proposal form should be completed and two (2) references should be provided.

From the proposals submitted, City Staff may select a number of finalists for review. Finalists may be requested to interview in person (if available) or by phone and to submit a further description and/or detail of their proposal.

Timeline

This City is in the position to commission this at the present time. The City would like to move forward with its creation and installation in 2007. The city reserves the right to modify the following timeline.

1. Initial proposals must be received by April 20, 2007
2. Finalists will be selected by April 27th, 2007
3. Finalists will be asked to meet in person or by phone the week of April 30th.
4. The goal for Installation of artwork is October 2007.
